In print and online...

This year's *Natural Trade Directory* is better than ever, with over 24,000 product lines listed. The *Natural Trade Directory* continues to be THE reference guide for independent retailers to easily source manufacturers, suppliers and products.

As publisher's of leading industry titles *Health Food Business*, *Natural Lifestyle*, *Organic & Natural Business* and *IHCAN* magazine (www.targetpublishing.com), and organiser of the Natural Health Trade Summit we are committed to the continuing development of our industry, through the very latest news, products and education.

We trust you will find the 2024 *Natural Trade Directory* informative, and an invaluable resource in assisting you in your business throughout the year.

We welcome any comments you may have, as we are continually striving to develop the directory to meet your needs.

With best wishes...
David Cann, Publisher

How to use the *Natural Trade Directory*...

Search through thousands of products, companies, trade names and services at the touch of a button. Every result is printable, making sure you reach the right people and companies...every time!

- Instant searches
- Instant and printable results
- Available 24/7
- Easy to use

Listing more than 1000 companies and 24,000 products from all industry sectors, the *Natural Trade Directory* is divided into five sections to make it easier for you to quickly locate the product, service or manufacturer that you're looking for.

To cross-reference this information, there's also a listing of trade names together with the companies who distribute them, and a comprehensive index of useful addresses.

Growing and caring for roses has been a family tradition for over a century. Our organic rose gardens, shielded by the slopes of two majestic mountain ranges, are situated in the heart of the Bulgarian Rose Valley. For years, Alteya's dedicated team of in-house scientists has been researching ancient traditional recipes and the miracle effects of organic rose oil (rose otto) on skin. This knowledge enables us to create exclusive organic skincare products tailored to the needs of modern, eco-savvy people. Our formulations expertly combine rose oil with skin-refining plant extracts to enhance skin's resilience and combat aging. Because we embrace a holistic approach to both well-being and beauty, we also harness the power of rose extracts in our beauty-enhancing supplements.

Clearspring is a family business and since 1993 has been committed to pioneering authentic Japanese specialities and organic fine foods. Their products make a valuable contribution to sustainable agriculture by supporting organic farmers, artisan food producers and a plant-based diet. From the humble beginnings of Japanese miso soup to over 300 organic products today, Clearspring's enduring passion is to show people just how delicious and abundant an organic and plant-based diet can be. Through enriching the soil and caring for the eco-system, they are protecting the world for future generations.

Salt of the Earth has been on the forefront of the natural and vegan deodorant market since 1993 when it first brought out its hero product, the 'Classic Crystal'. Today, the brand is based in Hampshire and includes more than 65 different deodorants – from fragranced stick deos to refillable spray deodorants – which are certified Vegan by the Vegan Society and certified Natural by

COSMOS. The latest addition to the brand is the Clary Sage and Mint Refillable Deodorant in spray and roll-on format.

During the last 20 years, Cultech has become internationally recognised as both an innovator and premium quality manufacturer within the nutritional supplement industry. The powerful combination of research scientists, together with formulation, process and production technologies, enables Cultech to provide a fully integrative manufacturing service, involving unique formulations, innovative presentation and high quality finished products. Manufacturing flexibility and efficient customer service means that small or large-scale production can be equally well-accommodated. Our objective is to work with our customers to help ensure that their competitive edge is maintained through innovation and quality rather than compromise.

DR.VEGAN® is a multi award-winning range of supplements on a mission to champion health and the planet, and change the way people think about nutrition and supplements. Developed by expert practitioners for people of all diets (90% of DR.VEGAN customers are not vegan), DR.VEGAN's innovative supplements incorporate clinically proven plant-based ingredients in their most bioavailable forms. Unlike leading high-street supplements, our formulas contain zero animal ingredients or nasty additives, and research consistently shows that customers feel the difference. DR.VEGAN® is dedicated to addressing the biggest priorities in health, from improved gut health, mental and daily wellbeing, mobility and hair growth, to sleep and women's health.

Life is a daily balancing act – whether that's managing a busy work and family schedule or dealing with unavoidable stress. That balancing act becomes even more difficult when faced with gastrointestinal problems – something experienced by 23 million adults in the UK. Ferrocalm is an innovative food supplement that supports gut health during stressful times or active flare-ups from conditions like IBS. Unlike regular probiotic products that don't survive in a stressed or inflamed gut, each Ferrocalm capsule contains patented friendly live bacteria that calm gut irritation, enabling users to

take control of their gut health when they need it most.

HayFever, Dust or Pet Allergy?
HayMax has won over 60 awards because their organic drug-free allergen barrier balms are so simple and work so well. University studies proved they trap pollen, dust and pet allergens. All 5 varieties work the same – Pure, Aloe Vera, Lavender, Kids – plus Frankincense and 3 for 2 Mixed Triple Tins are exclusive to independents. 80% said HayMax works and it has gained a reputation as a best-seller. Drug-free and non-drowsy, it is suitable for pregnant and breast-feeding women, children, exam takers, drivers and cynics. Brilliantly supported by national PR and advertising campaigns and free POS.

MooGoo is an Australian
range of natural, gentle and
effective skincare products
made with healthy natural
ingredients for people with
sensitive & easily irritated skin.
MooGoo Skincare was first
created in 2005, and it has

since gained huge popularity for relieving symptoms of eczema and psoriasis, as well as providing natural alternatives to many everyday products. MooGoo Skincare's ingredient philosophy has always remained the same: to make effective products using healthy ingredients that we are comfortable using on ourselves and our loved ones. Family owned. Dermatologically tested. Suitable for all ages including babies and children.

Nordic Naturals have been revolutionising Omega-3s since 1995. They started in Arctic Norway, with the mission to bring the benefits of high concentration omega-rich fish oils and essential fatty acids (EFAs) to as many people as possible. They are proud to be the #1 fish oil in the United States and a global leader in the omega-3 marketplace. Nordic Naturals also incorporate ethical and socially responsible practices into production of their omega-3 supplements and cod liver oils, plus much more. They are available for wholesale from their official UK distributor, Olivit.

Pro-Ven Probiotics products contain the Lab4 consortium of friendly bacteria, developed by Dr Nigel Plummer and his team and supported by an extensive and continuous body of clinical research. Dr Plummer is a world-renowned probiotics expert who produced his first human probiotic in 1994. The Pro-Ven range has been developed for use at all stages of life and is produced using state-of-the-art cGMP-approved technology, that ensures the bacteria reach the gut alive. Lab4 studies have investigated allergy, immunity, common illnesses and specific digestive complaints.

Revive Active, founded in 2011, has been Ireland's #1 supplement brand for the past 5 years, with UK sales growing fast! Our range of super supplements are still formulated and manufactured by us in Ireland and exported to over 48 countries, supporting energy, immunity, joint care, kid's health, cognitive function, menopause and even beauty needs. Premium, synergistic, active ingredients and best bioavailability are at the heart of everything we do; gluten-free, halal certified and suitable for diabetics, with no fillers, stimulants or preservatives. Our customer reviews and the many awards we've won, pay testament to the effectiveness of all our products.

Rosita stands out by offering wild, line-caught, raw, and unprocessed cod liver oil, sourced from the pristine waters of Norway. This family-run company use only sustainable and humane fishing practices, ensuring the highest quality and nutritional value. Unlike brands that use intensive refining processes (like heating and bleaching), Rosita employs an ancient, natural extraction method that retains the oil's naturally occurring vitamins A and D and a full spectrum of omega fatty acids. This means no fortification is needed. Just an ethical, high-quality product for you and your clients.

Multi-award-winning supplement company, Terranova Nutrition was founded in 2008 by Stephen Terrass MRNT, a recognised and highly respected veteran in the wellness and supplement industry. Formulated and manufactured in Britain, Terranova is one of only a few large-scale supplement companies that does not use fillers, binders and other manufacturing additives in its products, and one of even fewer such companies that is 100% suitable for vegans. Terranova's formulation concept is scientifically advanced, while at the same time being rooted in the company's deeply holistic principles. Every nutritional formulation is enhanced with Magnifood, a botanical innovation designed to support the absorption, bioavailability, metabolism and function of vitamins, minerals and other nutrients. Terranova's nutritional and botanical formulations are intensely synergistic, profoundly effective, precisely balanced and gentle on the system. Currently the range comprises over 120 nutritional and botanical products. The Terranova range also features numerous certified organic ingredients and fresh freeze dried botanicals and wholefoods. Terranova philosophy embodies complete nourishment, deep healing and profound wellbeing.

Vollagen® is a complex of amino acids providing precisely the same proportion as those found within human collagen, but with key advantages over typical collagen supplementation:

V for for Vollagen®

The Vegan Alternative to Collagen

- Produced using a proprietary, multi-step fermentation and microencapsulation process, resulting in the creation of an amino acid blend rather than simply a combination of individual amino acids.
- 100% suitable for vegans, ethically and sustainably sourced, from non-GM corn.
- Free from common allergens and contamination with heavy metals and other toxic elements that may occur in animal-derived collagen.
- The amino acids in Vollagen® are already isolated and are therefore readily absorbed into the body.
- Vollagen® provides the building blocks for all human collagen types. Supplementing with Vollagen® allows the body to utilise these building blocks in the most appropriate ways depending on individual needs.

*Vollagen® is a registered trademark of Chrysalis Health & Beauty Ltd.

TERRANOVA
SYNERGISTIC NUTRITION

- Vollagen® is composed of the same 18 Amino Acids as Human Collagen
- The blue bars show the levels and ratios of amino acids in human collagen, the red bars show the identical composition of Vollagen®

Source: The Amino Acid Composition of Mammalian Collagen and Gelatin. J.E. Eastoe, The British Gelatine and Glue Research Association.
